

SIJO MATHEW THAZHAMMADAM

Software Engineer | Python | Automation Testing | Linux

☎ +91 6238-46-1996 • 📍 Alappuzha, Kerala, India • 🌐 <https://portfolio-jet-ten-36.vercel.app/> • ✉ appuzmathew9@gmail.com

ABOUT ME

Detail-oriented Computer Science graduate with strong expertise in data analysis, validation, and research-driven insights. Experienced in working with structured and unstructured datasets using Python, SQL, and Excel. Skilled in data interpretation, documentation, and identifying trends, with a growing interest in financial data analytics and AI-driven data systems.

WORK EXPERIENCE

Media Team Lead — CSI SJCET

(Computer Society of India)

2025 – Now

- Led visual branding and media for CSI events, enhancing digital presence.
- Managed event media, coordinating teams for quality promotional materials and live coverage.
- Improved digital strategy with engagement analytics, boosting audience interaction.

Intern — Mobile App Development (Flutter)

STEM Robotics International

June 2025

- Gained hands-on exposure to UI development in Flutter.
- Studied cross-platform component design and app structuring fundamentals.

Intern — Cybersecurity & Embedded Systems

STEM Robotics International

July 2024

- Completed guided training in C programming, cybersecurity basics, and robotics.
- Engaged in structured problem-solving exercises and simulations.

PROJECT EXPERIENCE

Healtriage | Full-Stack Hospital Management System

- Developed a multi-portal healthcare platform (Admin/Doctor/Staff) with role-based access for secure medical records.
- Created a Python ML microservice to automate patient triaging based on symptom severity, reducing intake time, utilizing AI systems

Intelligent Sales Analytics Dashboard

- Created an interactive data analytics dashboard to convert raw CSV data into actionable insights. Enhanced decision-making efficiency through real-time visualization using Python with Seaborn.

Enterprise Student Record System

- Developed a secure CRUD application ensuring 100% data persistence for records.
- Added advanced search indexing and a "One-Click Export" feature for CSV reporting.

EDUCATION

ST. JOSEPH'S COLLEGE OF ENGINEERING AND TECHNOLOGY, PALAI

B.Tech in Computer Science

2022–2026

UNITED INDIAN SCHOOL, KUWAIT

CBSE 12th and 10th

2020–2022

CORE SKILLS

Languages:

- Python, SQL, JavaScript, Pandas, NumPy

Tools & Platforms:

- Git, Docker, AWS, Excel

Core Areas:

- Data Processing, Research & Documentation, API Integration
