## Profile Summary

Computer Science student specializing in user-centered digital experiences. Skilled in translating product requirements into intuitive interfaces using Figma and front-end technologies. Strong focus on usability, visual hierarchy, and interaction clarity. Experienced in event branding, product UI design, and collaborative design execution.

## Education

B.Tech in Computer Science & Engineering  
St. Joseph's College of Engineering & Technology, Palai  
2022 – 2026

## Internship

Full Stack Web Development Intern  
SMEC Automation Pvt Ltd, Infopark Kochi (June 2024 – July 2024)

- Assisted in front-end UI implementation for web-based applications.
- Worked with HTML, CSS, and JavaScript to build responsive layouts.
- Collaborated with developers to improve interface consistency.

## Mini Project

Designed the user interface for COLLEGEGO, a web-based bus pass system using HTML, CSS, and Figma. Focused on creating a clean, user-friendly front end with ticket validation and real-time staff dashboards.

## Workshops & Certifications

- FIGMA DESIGN – PIXEL PERFECT IEEE SB SJCET, PALAI · JAN 2025
